

# Spring Fling

## SHANNONVILLE MOTORSPORT PARK

### **The Tradition Continues**

**April 27 - 28 - 29, 2018**

### Scrutineering

CASC OR scrutineers will be on site to inspect race cars in accordance with CASC requirements on Friday and Saturday.

### Lapping

For driving enthusiasts, there will be 2 days to get the winter cobwebs out starting Friday on the Pro Track and ending Saturday on the Fabi Track. We have planned for 2 hours of track time using appropriate groups throughout the day (driver meeting at 8:30 so we can arrange groups; track opens at 9:00 and runs to 5:00).

Cost:

Book before April 19 —\$141.60/day  
Book April 19 or later—\$176.99/day

### Testing (for racers)

In conjunction with the lapping sessions, there are separate groups for closed-wheel race cars and open-wheel cars starting Friday on the Pro Track and ending Saturday on the Fabi Track. We have planned for 2 hours of track time using appropriate groups throughout the day (driver meeting at 8:30, track opens at 9:00 and runs to 5:00).

Cost:

Book before April 19 —\$141.60/day  
Book April 19 or later—\$176.99/day

### Race Academy

An ASN Canada FIA approved race school for drivers wishing to obtain a race license in order to participate in sanctioned road racing. Successful completion of the program is the first step toward an ASN Canada FIA National license. For participants wanting to race in Ontario use our certificate to apply for a regional licence with CASC OR.

This is an intensive 3 day program and some advanced driving experience is recommended for the best outcome. It starts on Friday at 8:00 a.m. and runs to 5:00 p.m. with classroom sessions, skid pad exercises, and a written exam.

We continue with 2 more full days on Saturday and Sunday with on-track driving and exercises. A coach is in your car providing input on skills to prepare you for participating in competitive driving events.

Register and pay before March 30 and the cost is \$885. This ensures your enrollment, as space is limited.

Enrollment after March 30 will be \$930 and is subject to space availability.

The car you use does not have to be a race car, but it must have a passenger seat with identical restraint systems.

*All prices are plus HST.*
